## Burns Dinner /Ball ~ January 1973

If you liked the St. Andrew's Ball, you'll be sure to enjoy the festivities planned for our annual Burns' Night Celebration scheduled for January 27. The yearly event honoring Scotland's immortal bard, Robert Burns, will take place at 8:00 pm in Cantwell Auditorium, St. Monica's School, just one block north of Miles Playhouse in Santa Monica.

In an effort to keep the participation maximal and the expense to the members minimal, a formal sit-down dinner will not be served this year, but all the ceremonies will be observed. Six plump haggises are being flown in live from Canada and will be specially fattened in Los Angeles (eat your heart out, Jimmy Dean!) before making the final sacrifice! Pipes and poetry, blessings and "brose" will be offered with the solemnity befitting the occasion. For the dancing, the Thistle Band will provide their lively and irresistible music once again.

Cost of the tickets will be \$3.00 (available only at the door). Parking is available in the central courtyard of St. Monica's, which may be entered either from Lincoln Boulevard or from California. The address of Cantwell Auditorium is 1039 7th Street, Santa Monica.

## 25th Anniversary Celebration

BRANCH PICNIC September 1990

The second major 25th Anniversary event was a Branch picnic held at Polliwog Park in Manhattan Beach on July 29th. Although the picnic was scheduled after most of the classes had recessed for the summer, the Downey, Santa Monica and Manhattan Beach classes were well represented.

Several members brought a variety of games to play, one of the more popular being lawn bowling. The Ladies Team of Rosemary Abend, Sue Holcombe, Val Rodgers and Nancy Shoolbraid surged into the lead - one they had acquired a coach, Gordie Stephen. The LA Metro Team is now ready to take on Helen Cissna's Santa Barbara Ladies!

Frank Ibbott finally got his kite airborne, while Chuck Lindahl fiddled to Bob Brooks' and Pete Kier's accordion playing. Of course, you can't get a group of dancers together without dancing, so a set was soon formed for "Mairi's Wedding" and "Postie's Jig." The music and dancing attracted several spectators, four of whom signed up for information on the Manhattan Beach class.

The day ended with a concert by the Los Angeles Fiddle Band - a blue grass group. When they played an Irish jig, it was easy to hear the relationship between this American art form and our own more familiar Scottish fiddle music.
